Professional Qualifications

China's Practicing Lawyer, CPA

Professional Background

Mr. Huang Hui graduated from Renmin University of China with a master's degree in law, and also holds the qualification of Certified Public Accountant of China, and is a non-practicing member of the China Association of Certified Public Accountants (CICPA). Mr. Huang has been focusing on legal services in the financial field, especially specializing in investment and financing in the field of non-performing assets and funds, and litigation in the field of non-banking finance, and is good at identifying the legal risks of complex projects by combining the financial data of the enterprises, and proposing targeted solutions. Prior to his practice, Mr. Huang worked for a leading financial asset management company and a financial leasing company, where he was responsible for the on-site due diligence and risk assessment of investment and financing projects and debt restructuring projects, and provided financing and debt restructuring services for many state and central enterprises, listed companies, and well-known real estate companies. Since the beginning of his practice, Mr. Huang has been providing professional legal services for financial asset management companies, financial leasing companies, trust companies and private equity companies.
