Professional Qualifications

PRC Bar

Professional Background

Mr. Chen possesses over a decade of significant experience in the legal field, combining perspectives as both a practicing lawyer and corporate legal counsel.

As a lawyer, Mr. Chen specialized in civil and commercial litigation as well as intellectual property dispute resolution, where he gained extensive experience in complex case resolution. He demonstrates profound expertise in formulating litigation strategies and understanding judicial decision-making.

Mr. Chen also served as the head of legal affairs at a top internet company, where he spearheaded the establishment and enhancement of corporate legal risk control systems. He handled hundreds of complex cases, gaining deep insight into the business logic and legal needs of tech companies.

Currently, Mr. Chen focuses on providing comprehensive legal services in the "tech + entertainment" sector for tech and cultural companies, by combining litigation experience, compliance expertise, and business insight. He is dedicated to delivering forward-looking yet practical legal solutions for enterprises.
