Professional Background

As one of the first batch of lawyers capable of working in English and specializing in international business since the re-establishment of the lawyer system in China, Mr. Jiang's legal practice focused on foreign direct investment, M&A, banking and real estate development. He has accumulated rich experience in cross-border investment and international civil and business activities, and has been named as a Leading Lawyer in Asia for many years. Over the last 20 years, he has assisted many trans-national companies and large financial institutions in their investment and M & A transactions in China, advising them on compliance and non-litigation matters concerning their operations in China and dealing with legal issues involving foreign exchange control, anti-monopoly, unfair competition, intellectual property right, labor and employment, disposal of nonperforming assets, etc. In recent years, Mr. Jiang has also worked with foreign investment and legal agencies to provide effective legal and consultancy services on overseas investment and portfolio management to Chinese companies and individuals and has won praise and trust from his clients.
