2004-2008 | Hylands Law Firm | Patent Associate

2001-2003 | Dragon International Patent Office | Patent Associate

1997-2000 | China National Petroleum Corporation | Engineer

Personal Qualifications

2006 | Patent Attorney

Professional Background

Mr. Liu practices as a patent attorney in Patent and Trademark Group of Hylands Law Firm's Beijing Office. He joined the firm in 2004 when he established the firm's Patent Team. Mr. Liu is now managing our Patent and Trademark Group as a whole. Mr. Liu's practice focuses on patent prosecution invalidation and patent litigation. He has significant knowledge and experience dealing with patent matters in the chemical and mechanical engineering areas having qualified as a Chemical/Geo-technical Engineer and worked in one of China's largest fossil fuel corporations prior to entering legal IP practice in 2001. Mr. Liu demonstrates strong capability in advising on strategy for dealing with the patent invalidation cases and patent litigation and has particular insight in analyzing effective channels for the collection of evidence of patent infringement.

Social Activities

Member of the All-China Patent Agents Association (ACPAA)

Member of the International Association for the Protection of Intellectual Property (AIPPI)
